Mechanical & Electrical Breakdown Maintenance Contract
With Roadside Assistance & Recovery

MULTI-AWARD WINNING PROVIDERS

IMPORTANT INFORMATION ABOUT YOUR PRODUCT

The vehicle must have a valid MOT, tax and insurance at all times for the duration of the contract, failure to do so may lead to an unsuccessful repair request.

This is a maintenance contract which looks to assist with repair costs on failed covered components that have suddenly and unexpectedly failed. If your maintenance & repair contract / product is for a duration greater than 13 months, Autoguard Warranties Ltd, will reimburse a maintenance inspection on the vehicle. Please note this is not an insurance product. Please refer to page 10 for full details.

SERVICE HISTORY

One of the main reasons for a rejected repair request is lack of or gaps in service history. We cannot stress enough the importance of following the service requirements of your vehicle. All servicing must be carried out at a VAT registered garage.

More info on servicing can be located on page 6

WEAR & TEAR

Vehicle wear and tear is something that is simply unavoidable. Many moving parts and factors such as age and mileage mean naturally things start to degrade over time. However, we cannot and do not cover it all.

Please refer to page 12 to read more about wear and tear and exclusions of this product if applicable.

COSTS

It is a requirement of the maintenance contract to get authorisation from us first before getting the vehicle repaired. Ensure you also check your agreed labour rate as going above this means you will foot the bill for the difference!

More details can be found on page 5

VAT REGISTERED REPAIRERS

It is required that you always use a VAT registered garage or repairer so that there is clear audit trail. This not only safeguards you as our valued customer, but us too as a business that prides itself on integrity and transparency. Not using a VAT registered garage or repairer makes it much harder for us to establish that the correct work has been done to your vehicle, with the correct parts and genuine hours of labour.

EXCLUDED COMPONENTS AND FAILURES

Excluded components

Please read page 12 for a full list of all excluded components.

For example:

- Brake callipers and calliper motors
- Wiring and electrical connections
- All internal and external lamps and LEDS

Excluded failures

Please read page 12 for a full list of all excluded failures.

For example:

- Wear
- Fluid Leaks
- Seals/Gaskets
- Corrosion

HOW TO MAKE A REPAIR REQUEST

If you consider you have a repair request DO NOT proceed with repairs until the repair request has been approved.

If the vehicle shows signs of an imminent failure, DO NOT continue to use it. This may aggravate the problem and cause greater damage for which we will not be liable. Your repairer must find the cause of the problem and verify if it is covered by the maintenance contract. We will not pay for any stripping down of the vehicle or parts to determine the cause of the failure unless we accept the repair request. The most we will pay in total is restricted to the repair request limit as noted on the agreement form for a single repair request and up to the vehicle purchase price in total.

Please note: Your repairer must be VAT registered.

1. Your repairer must telephone the Repair Department on 03432 271 499. At that time the following information will be required:
Contract agreement number
Maintenance contract holder's name
Current mileage
Nature of repair request
Total cost
Service history (if applicable)
2. If the failed component is listed under this maintenance contract you must obtain authority from the repair department before commencing any repairs. Admission of liability is conditional on the terms and conditions of this maintenance contract being adhered to, for example, servicing.

3. On receipt of any supporting service invoices (where required), we may approve repairs immediately or alternatively: call for other estimates; nominate another repairer; investigate the repair request further; request other forms of supporting evidence e.g. photo/video; or appoint an independent assessor to inspect the vehicle and or failed components.
4. When repairs are approved a repair request number will be issued for the repairs to be carried out, along with a repair request form to be signed and dated by the maintenance contract holder.
5. On completion of the repairs, send the following documents to the administrator at the address on page 3 of this maintenance contract:
 - a. The repairer's VAT invoice, which must quote the repair request number, vehicle details, failure mileage and details of who to pay.
 - b. Supporting documentation as requested by the repair request adviser such as the signed repair request form and proof of payment for the repair.

The administrator's working hours are 9am – 5pm, Monday to Friday, excluding bank/ public holidays. Telephone calls may be recorded for the purpose of staff training and improving customer service.

PAYMENT OF REPAIR REQUESTS

Once all supporting documents are received the administrator will reimburse you or the repairer, subject to the terms and conditions of the maintenance contract. If a balance is due, you must pay it direct to the repairer.

Please Note: Repair requests are paid by bank transfer to the agreed payee so please include your bank details when sending in your documents.

Please Note: Repair request documentation must be received by the Repair Department within 7 days of completion of repairs, otherwise they cannot be accepted. Repair requests received beyond this date will be subject to review in terms of the reason for delay and it shall be at the discretion of the company to accept such repair requests. VAT on repairs covered by the maintenance contract is not reimbursed where you are VAT registered.

IMPORTANT NOTE

You are covered only for the parts described in this maintenance contract.

You are covered up to the repair request limits shown on the agreement form or any lower limit that may be specified within this maintenance contract.

We may insist that your repairer use exchanged or reconditioned parts to effect a repair.

If the part to be replaced has some wear or the part improves the general condition or value of the vehicle, you may be required to pay a specified amount towards the improvement. Please refer to the betterment section of your maintenance contract under the terms and conditions section.

The administrator cannot agree to any repair request without providing a repair request number. The repairer should not start any repairs without this number. Please quote your repair request number every time you contact us about your repair request and make sure the repairer includes this number on his invoice.

EXTRA BENEFITS

The extra benefits listed below will be made available subject to the limits specified on the Agreement Form, provided the parts in need of repair are covered under the maintenance contract.

ANNUAL MAINTENANCE INSPECTION

You are entitled for reimbursement of 1 (one) annual maintenance inspection at the start of each 1 (one) year period on products with duration 13 months or more. The reimbursement is at the stated rate within the product.

To arrange your annual maintenance inspection, contact our administration team on **03432 271 499** to obtain the agreed maintenance inspection check sheet.

Please contact your selling dealer if they have workshop facilities on site. Alternatively, the maintenance inspection may be completed at any VAT registered garage. Autoguard Warranties Ltd will contribute up half an hour (0.50 hours, up to a maximum of £50 inc VAT) at your stated labour rate towards the inspection costs.

Your repairer must contact the repair team at our offices to obtain a repair authorisation number before work is started.

RECTIFICATION AND OR MAINTENANCE REPAIRS.

If the maintenance inspection reveals an issue with your vehicle, your supplying dealer or repairer will be able to tell you what work is needed, what may be covered under the product, along with what work is advised but not covered by the plan. You can then decide to continue at your expense.

You should provide the repairer with the approved maintenance inspection report to complete.

Once completed send the maintenance inspection report to our offices, along with the final VAT invoice made to Autoguard Warranties Ltd, clearly showing, the obtained reference number, the vehicle details & vehicle registration number.

Whilst we accept responsibility for the quality of all maintenance inspections, the maintenance inspection is an inspection at that time only & does not replace the requirement for the vehicle to be serviced and maintained as per the vehicle manufacturer's stated schedule for service & maintenance.

Please note, any repair request must be made before the expiry of your Plan, no inspection repair request can be made retrospectively or without an Authority Number issued by Autoguard Warranties. The maintenance check must be undertaken within 60 days of the anniversary of the Plan. The annual maintenance check will include an inspection of the following.

If any parts do not perform their design function or are subject to failure, we will be notified by the garage of a maintenance request on your behalf. Any request will be considered as part of this Agreement and will be subject to Plan terms and the repair request limit you have selected.
